

POSTIVE BEHAVIOUR and DISCIPLINE POLICY (Primary)

Lamphey Primary School

Agreed by the Governing Body

Chair Mr M Ridout

Date: April 2024

Review Date (biannually)	Reviewed by
April 2026	

The UNCRC is a legally binding international agreement, embedded by the Welsh Government in legislation, setting out the civil, political, economic, social and cultural rights of every child, regardless of their race, religion or abilities. In particular, which is relevant to this model policy and supporting documents:

- Article 6, which recognises that all children and young people have the right to survive and the right to develop
 - Article 12, which states that children have a right to say what they think should happen when adults are making decisions that affect them, and to have their opinions taken into account
 - Article 24, which says that healthcare for children and young people should be as good as possible, but also goes further than this by saying children and young people have the right to be both physically and mentally fulfilled
- Article 28, which says you have the right to education. Primary education should be free and required. Secondary education should be accessible to every child. School discipline should respect their rights and dignity.
- Article 29, which says that a child or young person's education should help their mind, body and talents be the best they can. It should also build their respect for other people and the world around them. In particular, they should learn to respect their rights and the rights of others.

Appendix B - Quick tips on writing incident reports

1. Introduction

Lamphey Primary School sees each person as an individual, capable of making the right choices to develop intellectually, physically and emotionally whilst at our school. Our Positive Behaviour policy is designed to enable all to feel safe, to learn in a positive environment and to go forward from our school into the wider community with self-worth and an awareness of the importance and dignity that each and every person deserves. Our positive behaviour and discipline policy is therefore centred around three key words: **READY, RESPECTFUL, and SAFE**. And these values underpin all our behaviour expectations and follow Pembrokeshire's agreed process as outlined in *Pembrokeshire's Positive Behaviour Management (primary)* document.

The vision of the school regarding behaviour is "An **inclusive** school, which **inspires** staff and pupils to **improve** and excel within a caring environment".

By simplifying the importance of these values and striving for consistency from staff, a culture change can quickly take effect.

Consistency will be striven for in the following areas:

- Language and responses from teachers
- Follow up from staff and SLT
- Positive reinforcement
- Consequences
- Simple rules and expectations
- Respect from adults
- Emotional control from adults
- Behaviour routines and rituals
- Environment

In order to allow each pupil in Lamphey Primary School to reach their full potential, we believe that appropriate behaviour should be displayed and modelled by all of the adults around them. This is supported by encouraging pupils to be **ready** to learn, **respect** themselves and others and to be **safe**.

2. Teaching and Learning

Strategies to promote positive behaviour

Lamphey Primary School is a school where pupils come to learn. When pupils' behaviour and attitude are good, and they are engaged in their learning experiences, this will contribute to a positive outcome.

In order to enable the best teaching and learning to take place, desired behaviour in all aspects of school life is essential. The staff at Lamphey Primary School seek to promote an inclusive learning environment by the use of a range of strategies, including but not limited to:

- ✓ Giving all pupils the optimum chance to achieve
- ✓ Rewarding pupils when appropriate
- ✓ Promoting high self-esteem, self-discipline, proper regard for authority and positive relationships based on mutual respect;
- ✓ Promoting a culture of praise and encouragement in which all pupils can achieve
- ✓ Allowing pupils the responsibility for their own behaviour
- ✓ Being aware that all pupils are individuals
- ✓ Offering strategies* to minimise inappropriate behaviour
- ✓ Being consistent across whole school, enabling staff and pupils to maintain clear understanding of expectations while having due regard for any additional learning needs they may have
- ✓ Encouraging a positive relationship with parents and carers to develop a shared approach which involves them in partnership with the school;

In order for this policy to be effective, it is very important that every member of the school community knows and understands it, and is aware of their part in its successful implementation.

2.1 Teaching Environment

Within each teaching environment there are expectations which all pupils need to adhere to. When pupils live up to these, it enables the teacher to teach, pupils to concentrate and for all to enjoy the learning experience.

2.2 Staff Responsibilities

Staff are also expected to adhere to the values of **READY, RESPECT** and **SAFE**¹ and encourage a positive learning environment. It is the responsibility of staff to manage their curriculum area and the behaviour of all pupils. Teaching staff will ensure that all pupils are able to access the curriculum and **MUST** ensure that all reasonable efforts are made to put appropriate strategies in place to enable this.² The Pembrokeshire Behaviour Approach³ systems should be evident throughout the classroom and school. When these values are practised, learning improves.

3. READY, RESPECT, SAFE in the classroom

The School has established expectations for the promotion of positive behaviour (See 2 above). These are reviewed regularly and form the basis of classroom expectations.

These expectations are communicated to pupils and parents, are non-discriminatory and clear and are based on the principles that everyone at Lamphey Primary School is expected to be **READY** to learn, **RESPECT** each other and to keep themselves and others **SAFE**. Governors will support the school in maintaining high standards of desired behaviour of pupils and staff.

The following expectations are also regarded as good practice and are proven to positively influence behaviour within the classroom³. The school will embed these strategies in every classroom and with every member of staff so that pupils would have the same expectation in every lesson and be unable to exploit or explore inconsistencies.

¹ See Pembrokeshire's Positive Behaviour Management (primary) document for further details

² In accordance with SEN Code of Practice 2002 (1.5) to be replaced with ALNTW Bill 2018 (section 52)

³ See Pembrokeshire's Approach for Behaviour Management (primary) document and Appendix A for scripts

- Meet and greet
- Routine for punctuality
- Positives not negatives on the board
- A routine for addressing negative behaviour
- A routine for recognising positive behaviour
- RIP and PIP (reprimand in private, praise in public)
- Reduce the power play
- Consistency of consequences
- Consistent language/Script
- Positive framing - know your pupils- building relationships
- Consistency on the walls (school displays reflect consistent behaviour strategy)

4. READY, RESPECT, SAFE in the school environment and beyond the gate

The guidelines for break and lunch times are as follows:

- ✓ When you play, you must respect the right of other pupils to enjoy their leisure time safely
- ✓ Littering in and around the school site is not permitted and pupils who drop litter will face consequences
- ✓ Inappropriate language and behaviour on school premises will result in consequences
- ✓ Pupils are representing the school when they are travelling to or from school or taking part in a school event off site, such as a sporting fixture, a visit or a school journey. In such circumstances, all our usual expectations regarding respect for yourselves, for other people and for the environment apply.

5. Managing Behaviour

The Head teacher and the deputy are responsible for the implementation and day-to-day management of the policy and procedures.

All staff, including teachers, associate staff and volunteers, will be responsible for ensuring that the policy and procedures are followed, and consistently and fairly applied. Mutual support amongst all staff in the implementation of the policy is essential. Staff have a key role in creating a high-quality learning environment, teaching positive behaviour for learning and implementing the policy and procedures consistently.

The Governing Body, Head teacher and staff **MUST** ensure that pupils do not experience direct or indirect discrimination⁴ through the implementation of this policy and procedure and **MUST** have due regard for any reasonable adjustments that may be required⁵. They will ensure that all concerns of pupils are listened to, and appropriately addressed.

Parents and carers will be expected, encouraged and supported to take responsibility for the behaviour of the child both inside and outside the school. The school will encourage parents to work in partnership to assist in maintaining high standards of desired behaviour and will be actively encouraged to raise with the school any issues arising from the implementation of the policy.

Pupils are expected to take responsibility for their own behaviour and will be made fully aware of the school policy, procedure and expectations, including by use of a child friendly and suitably adapted ALN format of the policy. Pupils will also be encouraged to take responsibility for the school environment making it both safe and enjoyable by reporting all undesirable behaviour.

⁴ Equalities Act 2010

⁵ SEN Code of Practice 2002 to be replaced by ALNTW Bill 2018- Reasonable adjustments see end of main document for legal definition

6. Rewarding Positive Behaviour

Lamphey Primary School believes being **Ready** to learn, **Respect** and **Safe** should be an expectation for all.

- Our school uses a variety of systems to recognise positive behaviour such as ... Teachers congratulate children.
- Teachers give children a variety of rewards agreed through phase team meetings. This can include Star Charts, stickers, certificates, letters to parents, rewards.
- Pupils may be sent to another member of staff including the Headteacher to re-enforce the praise where they may receive a sticker or small reward
- Letters/postcards are sent home to parents/carers to celebrate positive behaviour and achievements.
- The Headteacher actively encourages staff members to send children to him for good behaviour, improved attitudes to learning, and outstanding achievement.
- The Headteacher or senior member of staff will invite pupils who show 'over and above' behaviours to join them for a celebratory meeting over a cup of tea/squash and a biscuit. This sincere recognition is also communicated to the home and is an acknowledgement of outstanding contribution to school life.

7. Discipline - Managing Consequences

7.1 Behaviour Management

*If a pupil is judged to be not **Ready** to learn, not **Respectful** or not acting **safely** whilst representing or being in school then the school consequence system is employed.⁶*

7.2 Consequences and Sanctions

When a pupil exhibits certain behaviours a range of consequences will result. These behaviours may include (Example and can be changed to school system):

Age Appropriate Sanctions

- All classrooms record negative behaviour in a Behaviour Log.

⁶ Due regard for any reasonable adjustments to this system MUST be considered for any pupil with ALN

- All serious incidents are recorded electronically and a hard copy kept in the Incidents File, kept in the Headteacher's Office.
- Teachers need to ensure all staff, particularly lunchtime supervisors, know that a child is under sanction or has behaviour targets.

Nursery and Reception Classes.

- Teachers and Learning Support Assistants (LSAs) must speak to the children about their behaviour using age-appropriate language and try to help the children build an understanding about behaviour that is appropriate at school.
- During carpet sessions children are reminded about the expectations for behaviour. If they do not follow these then they are given a warning. If the behaviour continues then they are moved.
- During independent sessions children are reminded about the expectations for behaviour. If they do not follow these then they are given a warning. If the behaviour continues then they are seated away from the activity and their peers.
- Any aggressive or violent behaviour results in a child being sent immediately to time out. If poor behaviour continues after the time out session they will be sent to see the Headteacher or Deputy Headteacher or spend time out in another classroom.
- Staff meet daily to discuss children's behaviours and agree strategies to be adopted by the whole staff team to meet the needs of the individual children. Adults will discuss any of their concerns regarding a child's behaviour with their parents or carers. An individual behaviour plan (*Appendix 3*) might be arranged in consultation with ALNCo, Head, Deputy and Parents/Carers.

Strategies

Reception, Yr.1, Yr.2 Pupils

- Teachers warn children verbally if their behaviour is inappropriate.
- Second warning and the child's name is noted in the Teachers diary
- If behaviour does not improve they are sent to time out for 4 minutes. The time out table is where a pupil can be seated away from classmates for a chance to calm down, reflect or continue their work silently.
- If the child is not calm and cooperative after some time at the table then they can be sent to another teacher in the Foundation Phase or the Deputy Headteacher.
- If there are persistent behaviour issues or incidents with a child the class teacher will inform a member of the Senior Management Team who will then

Speak or send a letter to the parents/carers. A behaviour plan would then be considered.

Strategies

Yr.3, Yr.4, Yr. 5 and Yr.6 Pupils

- Try to diffuse the situation
- Teachers warn children verbally if their behaviour is inappropriate.
- If their behaviour continues the child receives a second warning and the child is placed on the time out table where they can be seated away from classmates for a chance to calm down, reflect or continue their work silently.
- If the child is not calm and cooperative after some time at the table then they can be sent to another teacher in the Key Stage or the Headteacher.
- If there are persistent behaviour issues or incidents with a child the class teacher will inform a member of the Senior Management Team who will then speak and send a letter to the parents/carers. A behaviour plan would then be considered.
- The teacher might also decide to make the child stay in at playtime or give them lunch time detention. Lunchtime detentions are recorded in the class behaviour log. Detentions are only issued by class teachers.
- If a child continues to not follow the behaviour policy an internal exclusion (moved to another class for an agreed period of time) may be organised. A meeting will take place with the parent/carer to explain this decision. All information will be logged in the incident file.
- In cases of violence the parents are always informed either verbally, by letter, or phone call.
- Children that are identified, because they regularly display negative behaviour will have a behaviour plan written between the class teacher, ALNCo and shared with the parents. Advice may be sought from Behavioural Support Officer for the Local Authority.

Steps	Actions
Step 1: Reminder	A reminder of the expectations - Ready, Respectful, Safe - delivered privately wherever possible. Repeat reminders if necessary. De-escalate and decelerate where reasonable and possible and take the initiative to keep

	<p>things at this stage. Ensure the pupil not only knows what they have done wrong but also what behaviour you expect of them. If the pupil has ALN, ensure that your approach reflects that outlined in their IBP or behaviour plan.</p>
<p>Step 2: Caution</p>	<p>A clear verbal caution delivered privately wherever possible, making the learner aware of their behaviour and clearly outlining the consequences if they continue. Ensure the consequences are reasonable and proportionate to the behaviour and are suitable for the needs and understanding of the pupil especially for those with ALN.</p>
<p>Step 3: Last Chance</p>	<p>Speak to the learner privately and give them a final opportunity to engage. Offer a positive choice to do so and refer to previous examples of good behaviour to reinforce expectations. Remain calm and keep your body language neutral (<i>avoid finger wagging or demanding the pupil looks you in the eye - almost impossible for an anxious child or one with ASD</i>) Use 30-second intervention - see e.g. of script below. Example of 30-second intervention</p> <ul style="list-style-type: none"> • I noticed that you are.... (having trouble getting started/wandering around the classroom). • It was the rule about.... (staying on task/remaining in your seat) that you broke. • You have chosen to.... (catch up with your work at the start of lunchtime/move seats). • Do you remember yesterday when you.... (completed every task/got a Dojo for 'over and above' behaviour)? • <i>That is who need to see today....</i> • Thank you for listening. (Then give the child some 'take up' time.)
<p>Step 4: Moving to alternative location within the class</p>	<p>At this point the learner will be referred internally, with work, to another space in the class for limited time in the lesson. A short restorative conversation should take place as soon as possible afterwards. This should be a positive conversation where you listen to the pupil and you talk about future expectations rather than another opportunity to tell them off.</p> <p>If the incident finishes here, the teacher must log the incident and a playtime or lunch time sanction should be imposed.</p>

	<p>SLT are expected to intervene if there are two or more internal referrals from the same class or group in a 5 day rolling period.</p>
<p>Step 5: Internal referral</p>	<p>This may be a different teacher's classroom or a different section of the main classroom (the use of a desk in the main corridor is not to happen). Ideally the pupil will be escorted to the ELSA room. Here the pupil will complete their work with teacher/LSA supervision. It is appropriate for the child to work alongside other children from across the school.</p> <p>This only applies if either:</p> <ol style="list-style-type: none"> a. The pupil refuses to engage with Step 4 or b. A serious breach is committed by a pupil that may result in a loss of lunch time/internal exclusion or fixed-term exclusion. <p>The Headteacher or a senior member of staff may be called if there is not LSA available to escort the pupil; they should not be sent to the designated member of staff unaccompanied. The teacher should provide work which continues the pupil's learning rather than punitive work such that the missed work from the lesson needs copying up later. However, this work could include activities that address the behaviour or reactions of the pupil to the situation that led up to the incident. A pupil should only remain in the alternative room for as short a period as possible to calm the situation or address the behaviour.</p> <p>The teacher must log the incident on Edukey</p> <p>A reconciliation meeting should take place before the next session. If the learner does not attend or does not engage with the reconciliation a SLT sanction will be issued, assuming the procedure has been followed.</p>

7.3 Attendance

Pupil attendance is extremely important in Lamphey Primary School .

Lamphey Primary School operates an early home contact policy for any absent pupil. If a pupil has not come to school parents/carers are contacted immediately and sanctions are put in place on their return if appropriate. For safeguarding reasons, pupils at Lamphey Primary School are not allowed to leave site in the school day without prior consent from their parent/carer. Should a pupil leave school without consent then the school's emergency procedures⁷ will be followed.

7.4 Offensive Weapons

Offensive weapons are defined in the Prevention of Crime Act 1953 as 'any article made or adapted for causing injury to the person or intended by the person having it with him/her for such use.' This includes 'any article which has a blade or point or is sharply pointed.' We define this further by making it clear that all pocket knives are included in this definition for the purposes of maintaining school discipline and the safety of the whole community.

Pupils who have an offensive weapon will have it removed from them. It will not be returned to the pupil. The parent/carer will be informed and may request permission to pick the article up from the school. A decision about whether this will be granted will be made in liaison with the police.

The pupil may be excluded either for a fixed term or permanently as a result of this act. This decision will be taken when full information is known. A referral to the Youth Offending Service **MUST** be made.

All of the above also applies to fireworks and other explosive material.

7.5 Sharing of offensive material

This is as unacceptable and inappropriate. Pupil will be isolated until relevant outside agencies have be contacted and advice taken. Where appropriate consequences are imposed.

⁷ See Child Missing From School policy

7.6 Drugs, alcohol and illicit substances

If staff or pupils report a suspicion of any person involved with drugs or alcohol then the person/s will be interviewed, possibly searched and parents contacted. This situation raises the same kind of issues as where a pupil refuses to stay in a detention or refuses to stop any other unacceptable behaviour when instructed by a member of staff - in such circumstances the pupil will receive appropriate consequences. In some circumstances a search may take place without consent, provided it is carried out within the boundaries set by the Department of Education (www.gov.uk/school-discipline-exclusions/searches).

Any item found will be confiscated. Drugs (and any paraphernalia) will be removed from the school site by the police; alcohol will be destroyed.

Any incident relating to illegal substances will be reported to the linked police officer to the school or via phone contact to 101 or 999 depending upon the seriousness of the incident. In addition to this, appropriate consequences will be considered by the school. The pupil may be excluded for a fixed term with appropriate support provided. If offences continue, either a longer fixed term or permanent exclusion, as a result of the investigation and the seriousness of the incident, may be issued. The school will also refer pupils to external support agencies. If a pupil is found with tobacco or e-cigarettes, parents will be informed and appropriate sanctions will be issued.

7.7 Use of Mobile phone

The use of Mobile Phones by pupils is prohibited during the school day. If seen, they will be confiscated by a member of staff and only returned in line with the school mobile phone policy.

7.8 Smart Watches

The use of smart watches by pupils is not appropriate in school due to the risk of loss and damage, and of misuse in the same way as mobile phones and tablets. Mobile phones/devices or wearable technology such as smart phones, should be switched off and kept in a safe, locked place during lesson times.

7.9 Incidence of Racism or Discriminatory Behaviour and Language including Bullying

Following an incident the matter will be investigated by a member of SLT. An informal procedure will be used to address the behaviour where the investigation shows that the racism, discrimination or slur may have been unintentional, and that the perpetrator may not have been aware of the fact that his or her behaviour was offensive or unacceptable. If it is deemed to be a deliberate act of discrimination, then the school's sanction and restorative practice process should be used. If it is further deemed that the behaviour was deliberately based on any of the protected characteristics⁸ then an uplift to the severity of the sanctions should be considered.

All incidents will be reported and logged according to LA policy⁹.

8. Procedure for Lunchtime Detentions

Incidents of behaviour deemed to be at Step 5 and resulting in detention/loss of playtime, and **which are to be supervised by a member of staff other than the usual classroom teacher**, should follow the appropriate procedure as detailed above.

Removing a pupil from class

A pupil may continue to show unacceptable behaviour in the classroom despite a number of strategies being used. At this point it is necessary to call for a more senior member of staff.

There will be occasions when a pupil will need to be removed from their usual classroom to an appropriate alternative, identified location by a member of the SLT to help him/her put a stop to the undesirable behaviour. This removal may be for a short period to just cool off and then they are returned to their classroom and is not used as a punishment. If the pupil is removed and placed somewhere else for a longer period with the intention of it being a punishment, this is an internal exclusion (see below).

⁸ As defined under the Equalities Act 2010

⁹ Challenging Bullying-Rights, Respect and Equality

8.1 Internal exclusions¹⁰

When a pupil's behaviour has escalated to a point where it is deemed unacceptable a member of the Senior Leadership Team will be contacted and make the decision regarding the outcome for the pupil. If the pupil is placed into internal exclusion, the member of staff dealing with this records the details on Edukey. While removal from the classroom can be a valuable tool to de-escalate a situation and afford a pupil time to cool-off, the decision to utilise it as a punishment **MUST NOT** be taken lightly and due regard for any other action or reasonable adjustment **MUST** be considered for pupils with ALN¹¹ and the possible impact of such exclusions on LAC¹¹ pupils should also be considered. The decision on the duration of their stay in internal exclusion and a route forward rests with the Head Teacher.

Individual behaviour strategies should be identified and put in place for the pupils (Individual Development Plan(IDP) / Pastoral Support Plan (PSP)/ Individual Behavioural Plan(IBP)) and then employed on the pupils return to mainstream classroom. In the case of pupils with IDPs/IBPs, these should be reviewed if appropriate. A Pastoral Support Plan (PSP) must only be written with support and guidance from Behavioural Support. The number and frequency of referrals of pupils to internal exclusion should be monitored carefully to identified trends early and consider the efficacy of the sanction for individual pupils who may then be referred to the LA Behaviour Service for early intervention. This information is reported to Governors termly.

While a pupil is in Internal Exclusion suitable learning activities are provided for them from their lessons, where appropriate. If work is not available relevant work is provided which contributes to the learner making progress.

¹⁰ Schools **MUST** follow the Exclusions from Schools and Pupils Referral Units Guidance (255/2019) on use of exclusions including internal exclusions and 1.19 on LAC

¹¹ See SEN Code of Practice 2002 and ALNTW Bill 2018

9. Fixed Term Exclusions

The use of exclusion from school, whether it be for a fixed term or permanently, is always the last resort. 'Exclusions should not be used if alternative solutions are available e.g PSPs, Restorative Practice, Internal Exclusion'¹² and 'Individual exclusions should be for the shortest time necessary.' Periods of exclusion should never be 'rounded up' to the next break in the school week, ie a Friday or an INSET day. Only the Head teacher can exclude a pupil. In their absence the Deputy Head or in their absence the most senior teacher may exercise the power but the parent/carer needs to be informed in the letter sent home that this was in the absence of the Head teacher. The Head Teacher cannot routinely, or on an ad hoc basis, delegate the power to another teacher.

The decision to exclude a pupil is not taken lightly and a thorough investigation into the events that led to this poor behaviour need to be looked at closely. When the Head teacher feels that there is no other appropriate sanction for the behaviour displayed they will exclude. However, the Head Teacher should satisfy themselves that reasonable alternatives to exclusion have been investigated, especially for those pupils with Additional Learning Needs (ALN) or Looked After Children (LAC). In the case of pupils with ALN the Head Teacher **MUST** have due regard for the pupil's ALN and **MUST**¹³ also have considered a range of alternative consequences to address the behaviour. The Head Teacher **MUST** come to the conclusion that it is reasonable and proportionate to exclude the pupil on this occasion. It is good practice for the Head Teacher to record all of these alternatives that have been considered and the reasons that they deem them to not be sufficient given the nature of the incident and so why Exclusion is the only appropriate sanction left for them. Parents/Carers are contacted by school and informed of the decision and an explanation is given to why this action is deemed necessary. We at Lamphay Primary School follow this good practice.

¹² Exclusions from Schools and PRU 255/2019 section 1.5.1 and 1.7

¹³ SEN Code of Practice 2002 to be replaced with ALNTW Bill 2018

It is good practice for a meeting to be arranged with the Parent/Carer on the pupil's return to school, this is to address the behaviour displayed and also agree strategies that could be used in future to minimise their unacceptable behaviour. The pupil's IDP/IBP is updated and reviewed if appropriate, or a new Behaviour Plan to aid the successful re-integration of the pupil back into school is considered. Following an exclusion, pupils return to school and will have a debriefing meeting with the Head Teacher or another suitable member of the SLT, during which the pupil is able to reflect on their behaviour and any additional strategies that have been agreed to help address the pupil's future behaviour are reinforced. This is a time for positivity and ways forward and to ensure the pupil is aware of the school's future expectations.

The governors of the school **MUST** be informed of all fixed term exclusions.

The Behaviour Support Teachers should be involved at an early stage to help support the pupil and the school with strategies and training to prevent exclusions from being issued.

10. Permanent Exclusion

A permanent exclusion is the most severe consequence within the school system. This is only considered when all other avenues have been exhausted¹⁴. The decision to permanently exclude can only be made by the Head teacher. The Head teacher raises this with the relevant Governor's committee and the LEA within 1 working day. As for fixed term exclusions, Head Teachers **MUST** have due regard to explore all other sanctions including all reasonable adjustments to current policy and practice and have come to the conclusion that a permanent term exclusion is a reasonable and proportionate response to the pupil's actions even given their ALN.

¹⁴ Exclusions from schools and pupil referral units 255/2019

Definition of Reasonable Adjustments

Equalities Act 2010 section 4.13

"Reasonable adjustments and when they have to be made -The duty to make **reasonable adjustments** applies only to disabled people. For schools the duty is summarised as follows:

- Where something a school does places a disabled* pupil at a disadvantage compared to other pupils then the school must take reasonable steps to try and avoid that disadvantage.
- Schools will be expected to provide an auxiliary aid or service for a disabled pupil when it would be reasonable to do so and if such an aid would alleviate any substantial disadvantage that the pupil faces in comparison to non-disabled pupils. Schools are not subject to the requirement of reasonable adjustment duty concerned with make alterations to physical features because this is already considered as part of their planning duties."

** For the purposes of this policy, any pupil with a recognised ALN is deemed to have a disability whether they have an additional defined 'disability' or not, and so will be afforded reasonable adjustments*

Appendix A - Examples of posters to summarise strategies for staff to use (add school logo to each poster):

Five Pillars for managing behaviour -non negotiable

1. Consistent, calm, adult behaviour
2. First attention for best conduct
3. Relentless routines
4. Scripting difficult interventions
5. Restorative follow up

Absolute Consistencies in Adult Behaviour

There are 5 consistencies that all staff will uphold in all interventions:

1. Model positive behaviours
2. Meet and greet at the door. 'Ready, Respectful, Safe' displayed and taught.
3. We will not shout at learners. Praise publicly and reprimand privately!
4. Disruptive learners will be calmly and slowly stepped through sanction steps giving 'take up time', every time.
5. We will personally follow up every time and engage in reflective dialogue with learners.

Rules

We have three school rules that we constantly reinforce

❖ Ready

❖ Respect

❖ Safe

Restorative Questions

(Reflective Dialogue)

1. What's happened?
2. What was each person thinking?
3. Who feels harmed and why?
4. What has each person thought since?
5. What behaviours will each person show next time?
6. Reaffirm your commitment to building a trusting relationship

30 Second Intervention *(suggested script)*

Non-threatening, on their level and
by their side

I've noticed....

It is the rule...

I need you to...

You have chosen...

Do you remember...

That is the behaviour I need to see today...

Thank you for...

Appendix B

Quick Tips on Writing Incident Reports

- Try to avoid writing reports when still agitated or annoyed by the incident.
- Write it in a neutral tone as soon as practically possible after the event
- Follow the school's policy on reporting and use the appropriate forms
- Stick to the facts - who, what, where, when
- Avoid judgemental and inflammatory terms such as 'offender' and 'victim'
- Describe the behaviour clearly and unambiguously – the phrases 'kicked-off' and 'lost it' should be avoided
- If you didn't see it happen, don't speculate

Remember – in rare cases, incident reports can be used in an Educational Tribunal or other court of law and so it is important that your reports are factual, fair and unbiased.
