17th January 2020

Dear Parent/Carer

Asymmetric week

You may have heard that several local schools have made the change to an "Asymmetric school week", in summary this is where children have exactly the same number of hours in the school week, but the hours are reorganised into four slightly longer days and one shorter day. This has some potential positives, but also some potential drawbacks. If you would like to read more please follow this link <http://ppi.w.org.uk/files/2016/09/PPIW-Report-Asymmetric-School-Weeks.pdf>.

To be clear, Lamphey school Governors and staff have the freedom to decide if it would be appropriate, or not, for our school. The Governors met last week to have an initial discussion on this subject, and concluded that we should not rush into any changes, rather we should gather a lot more information during this coming year from those who are currently trying it. After this if it still looks potentially interesting, we would then initiate a full consultation with both parents and staff. Then, and only then, would it be the time to decide if such a change would be right for Lamphey School.

School App

The uptake for the school has been very good. If you have not signed up and would like to, or are having difficulties accessing it, please speak to the school office.

Dates for you Diary
